2024 - 2026 Biennial Request for Qualifications

The Montgomery County Engineer, Ohio, is currently accepting Statement of Qualifications (SOQ) for professional design/consulting services per Ohio Revised Code 153.65 through 153.73. A general SOQ shall be submitted for the purpose of identifying the most qualified firms to provide professional design/consulting services beginning July 1, 2024, and ending June 30, 2026. Firms interested in being considered for projects administered by the Montgomery County Engineer are encouraged to submit a current SOQ. Each firm's qualifications will be evaluated using the Ohio QBS Coalition manual, copies of which are available through the American Council of Engineering Companies.

www.acecoho.org/aws/ACEC/asset_manager/get_file/546902?ver=0

SOQs should include a brief firm history; education and experience of owners and key technical personnel; the technical expertise of the firm's current staff; availability of staff; the firm's equipment and facilities; any previous work performed for the Montgomery County Engineer's Office; and the firm's experience in performing preliminary and detail design of roadway, bridges, structural, traffic control and analysis, storm water, hydrologic and hydraulic river studies, shop drawing review, independent review of construction drawings and specifications, construction inspection, right-of-way plan development, right-of-way acquisition, geotechnical and environmental engineering services.

The Capital Improvement Plan forecast for 2024 through 2028 is attached for reference only, and is subject to change, when preparing SOQs.

Firms shall include any letters of prequalification from the Ohio Department of Transportation (ODOT) as they apply to the above-mentioned services.

Submit one (1) copy of the SOQ in electronic file format (PDF) to:

Mr. Andrew J. Shahan, P.E., P.S., PMP

shahana@mcoho.org

Deputy Engineer, Montgomery County Engineer

SOQ's are due no later than June 28, 2024 – hard copies are not desired.

Advertised: May 20, 2024 and www.engineer.mcoho.org/projects/consultant-selection/
