Consultant Selection Process Completed

MOT-M0077-01.55 Sellars Road/Main Street Bridge Feasibility Study

The Montgomery County Engineer's Office has reviewed letters of interest submitted in response to our solicitation for professional services on the MOT-M0077-01.55 Sellars Road/Main Street Bridge Feasibility Study. After evaluating the responses, AECOM received the highest rating of the letters submitted, and our office will soon enter into contract negotiations with their firm to provide the requested services. If negotiation is unsuccessful, we will initiate negotiations with the next highest rated firm.

If you have any questions concerning the selection, please contact the project manager, David Shields, at shieldsd@mcoho.org or (937) 496-6545.
